Misty's Great Adventure Through Time

Our story begins in the early future. Misty is necked, taking a shower. Ash is in the kitchen eating cookies. He walks to the living room and sits in his chair. He picks up the remote. He pushes the power button. Nothing happens. Or does it??

"AHHHHH!"

"Huh! What was that? MISTY!!"

Ash runs to the shower.

"Misty? MISTY?"

Ash breaks into the room to find        ..nothing but Misty's clothes.

"Oh no! Where could she be? Oh, I know! The remote must have opened a time portal into the shower, and Misty accidentally fell in!"

Ash looks at the clothes in his hand.

"Well, wherever she is, she's nude. I feel sorry for the people in the time she's in now!"
